

# City Administrator Report: August 2021

## Administration

City Administrator Gerald Herman attended the following meetings this month:

- August 01:
  - o Grace Park Wastewater Discussion
  - Staff Plan Reviews
  - August 03:
    - White House Industrial Park Project Workshop
    - o Cigna Insurance Utilization and Claims Review
  - August 04:
    - o Parks and Recreation Projects Discussion with Wold | HFR Design
    - o Forward Sumner Board of Directors Meeting
    - Bid Opening: Holly Tree Sidewalk
  - August 05: TNECD Governor's Conference
  - August 09:
    - o Bid Opening: Springbrook Drainage Improvements
    - o Planning Commission Study Session
  - August 10:
    - TCMA Regional Meeting
    - o Robertson County Economic Development Board Meeting
    - 50<sup>th</sup> Anniversary Committee Meeting
  - August 11:
    - Presented at Springfield Rotary Club
    - Ribbon Cutting: Nine One Eight Arts Studio
  - August 16:
    - Interviewed for the annual Community Guide
    - Ribbon Cutting: PDI
  - August 17:
    - o Attended the Ground Breaking of New Sumner County Courthouse
  - August 18:
    - RTA Meeting
    - o GNRC Meeting
    - Economic Development Board Meeting
  - August 19:
    - o Sumner County Joint Economic Development Meeting
    - o Board of Mayor and Aldermen Study Session
  - August 23:
    - o New Recreation Center Meeting with Wold | HFR Design
  - August 24:
    - o White House Area Chamber of Commerce Luncheon featuring Mike Keith
    - o White House Industrial Park Project Utilities Discussion
  - August 26:
    - o Coffee with a Cop
    - Walkthrough: Community Event Center
    - Progress Meeting: Community Event Center
    - Robertson County COVID-19 Call
  - August 31:
    - Robertson County COVID-19 Call

## **Performance Measurements**

## **Finance Update**

The Administration Department's goal is to keep each budgetary area's expenditures at or under the approved budget as set by the Board of Mayor and Aldermen by the end of fiscal year 2021-2022.

Budget	Budgeted Amount	Expended/ cumbered*	% Over (↑) or Under (↓) (Anticipated expenditures by this point in the year)
General Fund	\$21,144,050	\$ 3,304,652	↓1.04
Industrial Development	\$77,000	\$ 3,879	↓11.63
State Street Aid	\$550,000	\$ 12,185	↓14.45
Parks Sales Tax	\$2,105,361	\$ 860,600	↑24.20
Solid Waste	\$1,175,418	\$ 287,393	↑7.78
Fire Impact Fees	\$125,000	\$ 19,282	↓1.24
Parks Impact Fees	\$16,000	\$ -	↓16.67
Police Impact Fees	\$42,500	\$ 40,508	↓78.64
Road Impact Fees	\$235,000	\$ -	↓16.67
Police Drug Fund	\$4,500	\$ -	↓16.67
Debt Services	\$1,293,500	\$ 1,671	↓16.54
Wastewater	\$16,874,057	\$ 2,115,272	↓4.13
Dental Care	\$70,000	\$ 13,879	↑3.15
Stormwater Fund	\$1,491,663	\$ 506,690	17.29
Cemetery Fund	\$78,890	\$ 4,575	↓10.86

<sup>\*</sup>Expended/Encumbered amounts reflect charges from July 1, 2021 – June 30, 2022.

#### Purchasing

The main function of purchasing is to aid all departments within the City by securing the best materials, supplies, equipment, and service at the lowest possible cost, while keeping high standards of quality. To have a good purchasing program, all City employees directly or indirectly associated with buying must work as a team to promote the City's best interests in getting the maximum value for each dollar spent.

# **Building Maintenance Projects**

The Building Maintenance Department's goal is to establish priorities for maintenance and improvement projects.

#### Special Maintenance Projects

- Assist with Senior Center and City Hall HVAC issues
- Investigated source of odor at Museum
- Replace light bulbs in Library
- Jerry Napier's last day was August 19th
  - o Interviews have been conducted and the new Building Maintenance Technician should start September 27th

# Finance Department August 2021

#### **Finance Section**

During August the Finance Office began the FYE 6/30/2021 audit on-site fieldwork, scanning thousands of documents to reduce physical document storage space, and welcomed Cheri Backhurst as the new Customer Service Representative. Members of the Finance Office participated in the following events during the month:

- August 25: introductory meeting with MTAS Finance Consultant, Cassie Wheeler
- August 26: Community Event Center walkthrough
- August 26: American Rescue Plan Act (ARPA) funding request

# **Meetings/Civic Organizations**

Chief Brady attended the following meetings in August: White House Rotary (August 5, 12, 19, & 26), Department Head Staff meeting (August 9 & 23), Planning Commission Meeting (August 9), Robertson County Chief's Meeting (August 10), Municipal Management Academy (August 11), Board of Mayor & Alderman Meeting (August 19), Sumner County Drug Task Force Meeting (August 25), Command Staff Meeting (August 26) and Robertson County COVID Conference Call (August 31).

# Police Department Administration Performance Measurements

Achieve re-accreditation from the Tennessee Law Enforcement Accreditation program by December 2023. Susan Johnson, Accreditation Manager, has started our 4<sup>th</sup> edition of our TLEA program into PowerDMS which includes 164 standards. She has completed 36 proofs of the 164 for this year. LEACT Conference was cancelled for August 31- Sept. 2, 2021 and they hope to have it rescheduled for November 2021.

1. Our department training goal is that each police employee receives 40 hours of in-service training each year. The White House Police Department has 27 Employees. With a goal of 40 hours per employee, we should have an overall Department total of 1,080 hours of training per calendar year.

Month	Admin Training Hours	Patrol Training Hours	Support Services Training Hours	Total Training Hours

*Volunteer Police Explorers:* Nothing to report at this time. *Item(s) sold on Govdeals:* Nothing to report at this time.

#### Crime Prevention/Community Relations Performance Measurements

1. Teach D.A.R.E. Classes (10 Week Program) to two public elementary schools and one private by the end of each school year.

D.A.R.E. for the Fall is still being discussed.

- 2. *Plan and coordinate Public Safety Awareness Day as an annual event.* Safety Day is in conjunction with Discover White House. The Discover White House Expo & Safety Day presented by The Farmers Bank has been scheduled for October 2, 2021.
- 3. *Plan, recruit, and coordinate a Citizen's Police Academy as an annual event.* Citizen's Police Academy has been cancelled in 2021due to COVID-19.

- 4. Participate in joint community events monthly in order to promote the department's crime prevention efforts and community relations programs.
  - August 4<sup>th</sup> Sgt. Enck gave out badges at the Farmers Market
  - August 17<sup>th</sup> Sgt. Enck handed out approximately 30 badges and stickers at the Splash pad and Deja Moo.
  - August 18<sup>th</sup> Distributed educational fliers to the Senior Center on Senior Driving tips, Senior Safety Tips and Avoiding Fraud.
  - August 21<sup>st</sup> Sgt. Enck instructed a SPEARE class with approximately 20 women of all ages.
  - August 24<sup>th</sup> Sgt. Enck attended the Chamber meeting at Colorado Grill to talk about #NoFilter.

**Special Events:** WHPD Officers participated in the following events during the month of August: Coffee with a Cop (8/26) @ Deja Moo

#### **Upcoming Events:**

Pumpkin Run (10/2) Discover White House (Safety Day) 10/2 Harvest Moon Festival 10/9

#### Fire Department August 2021

# **Summary of Month's Activities**

## **Fire Operations**

The Department responded to 162 requests for service during the month with 122 responses being medical emergencies, 1 vehicle fire, and 1 grass fire. The Department also responded to 8 vehicle accidents; 3 accidents reported patients being treated for injuries, and 5 accidents reported with no injuries. Of the 162 responses in the month of August there were 38 calls that overlapped another call for service that is 23.46% of our responses.

UT MTAS recommends for the WHFD an average response time from dispatched to on scene arrival of first "Fire Alarm" to be six minutes and thirty-five seconds (6:35). The average response time for all calls in August from dispatch to on scene time averaged was, five minutes and fifty-nine seconds (5:59). The average time a fire unit spent on the scene of an emergency call was thirteen minutes and thirty-four seconds (13:34).

#### **Department Event**

- August 3<sup>rd</sup> Standby for PD agility testing
- August 9<sup>th</sup> Blood Drive with Robertson Co. Sheriff @ Fire Station 2
- August 10<sup>th</sup> Future Fire Engine open discussion.
- August 16<sup>th</sup> Attended Grand Opening of PDI
- August 22<sup>nd</sup> Birthday Drive-by Thoroughbred Way

## **Fire Administration**

- August 11<sup>th</sup> Municipal Management class
- August 11<sup>th</sup> Discover White House planning meeting
- August 23<sup>rd</sup> Planning meeting for 9/11 Ceremony @ Robertson Co. Sheriff
- August 31<sup>st</sup> Robertson Co COVID-19 conference call

## **Emergency Calls Breakdown**

The Department goal in this area is to display the different emergency calls personnel have responded to during the month as well as the response from each station.

#### Incident Responses FY to Date

Fires	6
Rescue & Emergency Services	223
Hazardous Conditions (No Fire)	4
Service Calls	15
Good Intent Call	18
False Alarms & False Call	31
Calls for The Month	162
Total Responses FY to Date	297

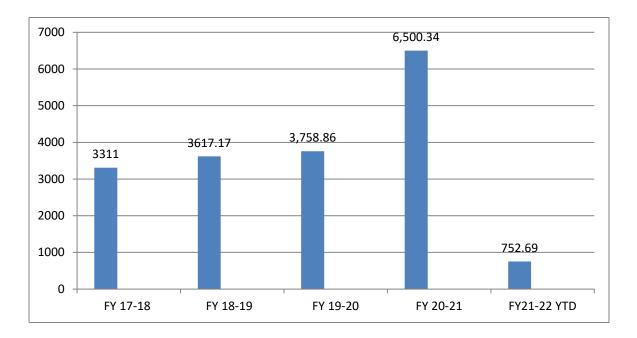

# Fire Department August 2021

**Response by Station** 

	Month	FY to Date	%
Station #1 (City Park)	102	198	66.66%
Station #2 (Business Park Dr)	60	100	33.67%

## **Fire Fighter Training**

The Department goal is to complete the annual firefighter training of 228 hours for career firefighters. The total hours of 4104 hours of training per year is based on eighteen career firefighters.

	Month	YTD
Firefighter Training Hours	378.13	752.69

\*Training hours were significantly higher due to COVID-19 postponing several training events from FY 19-20 into FY 20-21.

# **Fire Inspection**

It is part of our fire prevention goals to complete a fire inspection for each business annually.

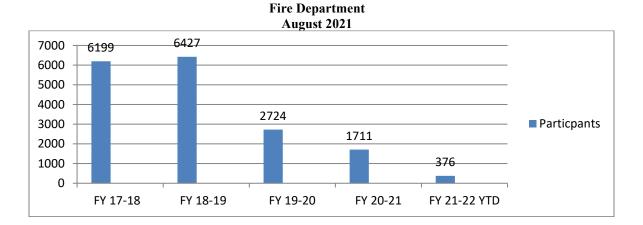

# Fire Department August 2021

	Month	YTD
August Fire Inspection	99	196
Reinspection	25	42
Code Violation Complaint	0	1
Violations Cleared	22	27
Annual Inspection	3	14
Commercial Burn Pile	4	4
Knox Box	1	8
Fire Alarms	1	6
Measure Fire Hydrant	0	1
Plans Review	5	9
Pre-C/O	2	3
Pre-incident Survey	21	37
Sprinkler Final	1	1
Final/Occupancy	2	11

#### **Public Fire Education**

It is a Department goal to exceed our last three years averages in Participants (5720) Number of Events (112) and Contact Hours (215). The following programs are being utilized at this time; Career Day, Station tours, Fire Extinguisher training and Discover WH/Safety Day.

	Month	YTD
Participants	12	376
Number of Events	3	15
Education Hrs.	3.5	17

\*Public education numbers were lower than normal due to COVID-19

## Public Services Department – Public Works Division August 2021

#### **Pothole Comparison**

The purpose of this chart is to gauge the amount of time spent repairing potholes and the number of potholes repaired in that time frame. It is also going to be used to show how long it currently takes to repair potholes in comparison to how long it will take when the milling head is used to make repairs.

**NOTE:** In the August report you will see that there were 9 areas of repair and this required 21 hours of work combined between the 2 Public Works crew members that worked on these areas that were primarily located on Larkspur Drive but also extended to nearby areas such as Meadowbrook Lane, Daisy Court, and Patana Drive. As there were large areas that needed to be repaired the milling head was used to make these repairs and this is the reasoning for the low number of potholes compared to the hours used to make repairs. There was approximately 8 tons of asphalt used to make the repairs listed for the month of August.

-The goal for this particular job task is 50 potholes per month. When this chart is completed each month consideration will be given to the size of the potholes that have been repaired that month.

## **Pothole Complaint Response Time**

According to Ordinance the Streets and Roads Department is required to respond to a pothole complaint within 24 business hours from the time the complaint is made until time a satisfactory repair is made.

NOTE: The period of time that past prior to the 9 areas to be repaired on Larkspur took place due to employees resigning from PW Maintenance Worker 1 positions and crew members from different departments were utilized to assist in these repairs.

STREET ADDRESS OF	DATE COMPLAINT	DATE COMPLAINT	ELAPSED TIME
COMPLAINT	LOGGED	RESOLVED	BEFORE REPAIR MADE
Larkspur Court	June 21, 2021	August 10, 2021	41 Days

# Public Services Department – Public Works Division August 2021

# **Monthly Work Log**

Monday 08-02-2021

Replace red bulb at Sage Road and SR-76 Intersection / Repaired decorative street light at 304 Foster Drive / Repaired shoulder on Webster Road and Union Road with left over asphalt from Larkspur Drive street 08, 03, 2021

Tuesday 08-03-2021

• Framed and poured concrete on Morgan Trace for damaged decorative streetlight at 109 Morgan Trace / RoW mowing.

Wednesday 08-04-2021

• RoW Mowing Sunnybrooke Drive, Sage Road, Meadowlark Drive, Fire Station #2, Business Park Drive, string trimmed Meadowlark Sidewalks and used zero turn mower to cut Melton Road first 300 feet

Thursday 08-05-2021

• Performed traffic control for brush collection route / seeded and strawed area around sidewalk repair on Hunterwood Drive near park / Facility Maintenance / Performed proof-roll at Fields at Oakwood / Picked up Unit #317 from being repaired.

Monday 08-09-2021

• Milled and filled large patches on Larkspur Drive

Tuesday 08-10-2021

• Milled and filled large patches on Larkspur Drive and Patana Drive as well as patched potholes on Meadowbrook Drive.

Wednesday 08-11-2021

• RoW mowing Industrial Drive, McDonald's sidewalk near SR-76, Hardee's fence line / Cleaned up dumpster drop area at WWTP / Delivered truck to get quote for amber lights at EVS (Emergency Vehicle Services) / Picked up concrete tools and equipment at A & M Sales / Delivered shop fan to Betsy at the Farmers Market due to extreme heat.

Thursday 08-12-2021

• Installed Physically Disabled Signs (3) at Fire Hall #2 / Installed Pug milled base stone in shoulder of Boyles Road as temporary measure of repair / Fleet maintenance (removed bent blade from zero turn mower).

Monday 08-16-2021

- Safety meeting / Re-installed crush hazard signs on main gate to WWTP / Safety initiative cleaning. Tuesday 08-17-2021
  - Continued work on Decorative Street Light on Morgan Trace / Installed more Physically Disable Signs in the Municipal Park as part of the ADA Transition Plan.

Wednesday 08-18-2021

• Completed install of Decorative Street Light on Morgan Trace / Safety Initiative cleaning.

Thursday 08-19-2021

• Weekly vehicle checklist / Delivered backhoe to TUF Solutions for repairs / Reviewed installation instruction and locations of new Radar speed limit signs / Wellness Meeting / Installation of Physically Disabled Signs at City Hall.

Friday 08-20-2021

• Installation of Physically Disabled Signs at Municipal Park in an effort to have them all installed prior to Friday Night Football beginning.

Monday 08-23-2021

• Safety Meeting / Installed fire extinguisher holders on trucks / Assembled storage racks at PW Building / Installed new first aid kits in all vehicles / Installed Physically Disabled Signs in Municipal Park

Tuesday 08-24-2021

• Finished installing Physically Disabled Signs at Municipal Park / Proof Roll of Byrum Drive near Kroger expansion / Cleaned Unit #206 and Unit #1332

Wednesday 08-25-2021

- Safety initiative cleaning at PW Building / Mowed RoW Thursday 08-26-2021
  - Mowed and string trimmed guard rails on North Palmers Chapel and Tyree Springs Road / Meeting / Painted parking spaces at City Hall / Repaired side mount mower deck.

Monday 08-30-2021

Mowed Pleasant Grove Road and Industrial Drive / Picked up and delivered recycling carts / Safety Initiative cleaning

Tuesday 08-31-2021

• Safety Meeting / Changed oil, spark plugs and wires on Unit #200 / Installed sign post for WHPD for digital Speed Limit Sign / Safety initiative cleaning at PW Building.

Street Name Sign MUTCD Compliance List

The purpose of this list is to track the updating and bringing into compliance The City of White House's Street name signs with the current requirements the Manual on Uniform Traffic Control Devices (MUTCD) Standards. Street name signs can no longer have all letters capitalized on the sign. (Harpers Way and Loves Lane Road Signs were installed in compliance with current MUTCD Standards).

NOTE: The remaining 129 signs have been ordered and delivered (these signs will be installed periodically from now until completion of project).

#### **Directors Notes**

- No complaints reported regarding flooding during the 2.5 inches of rainfall from the week of August 26<sup>th</sup>.
- Bid awarded to Scott and Ritter for the Springbrook Drainage Improvement project. Notice to Commence should be rendered within the next week or so.
- The department issued 8 fence permits during the month of August.
- Infrastructure installed within drainage conveyance at 1015 Piccadilly Drive.
- Overgrown vegetation and limbs obstructed flow were removed from Honey Run Creek.
- Curb inlet at the Soccer Complex was hydro-excavated to remove accumulated sediment and debris and exposed headwall for TDOT to further unclog ditch line.
- TDEC acknowledge receipt of stormwater permits for the WWTP expansion.
- Street Sweeping efforts are continuously being maintained along HWY 31W, HWY 76 and Tyree Springs to remedy track out for construction activity. A notice of violation with a civil penalty was issued to Brad Edwards and Associates for repeat offenses.
- Rehabilitated detention pond at 408 Hunterwood Drive. Endangered species (streamside salamander) sighted and reported to TDEC.
- Word on White House excerpt submitted for publication to provide educational awareness on the purpose and benefits of a stormwater utility fee.
- Upcoming work orders include: Beechbrook Drive, Dorchester Drive, S. Palmers Chapel Rd, and Rolling Acres Drive.
- The Stormwater department completed 11 outstanding work orders on the project list.

#### **Stormwater Work Orders**

Our objective is to establish and maintain a proactive approach to minimize any potential for localized flooding within City limits. This includes but is not limited to ditch maintenance. In addition, a large part of this objective is to respond to citizen complaints in a timely manner.

Below are the work order requests and summaries that have been completed for the month of April:

Address	Scope of Work	Status	Comments / Notes
612 Calista Rd.	Re-channel ditch line to divert water off property with infrastructure	⊠Complete Date: 10/05/20 ⊠Photos	WO: 08312005: The team had to remove an existing headwall at the cross drain to connect to the infrastructure and set a junction box to also intercept a newly installed cross drain from the neighborhood of Fields of Oakwood. After the team removed the 24" headwall from Calista's cross drain, we connected 4 feet of 24' RCP and inserted into the junction box. Then the team connected 20' of 15" to the cross drain from fields of Oakwood and inserted it into the junction box. Then 104' of the 24" discharge line was installed to carry the storm water east into the property to discharge off site into a channel that was developed per plans by Land Development for the neighborhood of Fields of Oakwood.
212 Hillwood Dr.	Establish swale off driveway to channel water downstream	⊠Complete Date: 12/14/2020 ⊠Photos	Extended existing driveway pipe to divert runoff from property
120 Strassle Dr.	Repair damages in infrastructure; upgrade piping	⊠Complete Date: 12/15/2020 ⊠Photos	The team removed the concrete box and a 20' section of the 24" pipe and replaced with 1 24" Nyloplast drop inlet and 17' of 24" HDPE pipe with 3 24" couplers. The team took extra precautions with a soil tight seal at each joint with the couplers

			by installing a section of 6 oz geotextile fabric around the joints to ensure that soil could not enter the infrastructure. The pipe and structure was bedded in 3/4"stone and backfilled with the same sized stone to support the pipe to the spring line/ hunch and then backfilled with soil to existing grade. The team imported 10 tons of 3/4" stone and exported 1.5 loads of excess soil then stabilized with contractor blend seed and mulched with 5 bales of straw and 1 roll of straw matting.
212 Morgan Trace Ct.	Divert inflow to existing drainage system	⊠Complete Date: 08/27/2020 ⊠Photos	work order number 082420001 The team began their operation by removing thick vegetation and trees to gain access to the conveyance and detention pond. After removing all the undergrowth and trees, the team discovered that there was several rock check dams and silt fence still in place in the conveyance and alongside the detention area from development of the site and was successfully removed in order to allow the watershed to be continuous to the outfall structure. After the team regraded the conveyance, pond banks and the rear property of 212 (behind porch) with imported topsoil, all bare areas were stabilized with seed along with double net straw matting on the slopes and loose straw on the flat areas.
3123 Pleasant Grove Rd	Install 2 turn lanes at intersection of Hwy 76	⊠Complete Date: 08/15 ⊠Photos	Curb and gutter to be installed week of 09/30 followed by paving
112 Ravenwood Ct.	Repair damages in infrastructure; address disjoints	⊠Complete Date: 11/24/20 ⊠Photos	Alleviate potholes in soil; seal inlet pipe to catch basin

302 Valley View Rd	Install ROW drainage pipe between lots to alleviate open ditch	⊠Complete Date: 6/02/20 ⊠Photos	The stormwater received a request to install drainage pipe in a conveyance to connect two driveways together and eliminate the open conveyance. Once lines where lowered we installed 36" HDPE drainage pipe and connected it to the existing culverts, backfilled half of the pipe with 1 load ¾" stone and imported 2 loads of Topsoil, graded and seed and straw bare soils. Installed a bag of concrete on damaged area drain grate to

			secure it to the infrastructure.
Wilkinson/ Hickerson Dr	Ditch cleaning; upgrade infrastructure	□Complete Date: □Photos	
121 Industrial Dr	Re-establish swale	⊠Complete Date: 04/06/20 ⊠Photos	Ease driveway flooding; 4 hours of Labor for 3 employees Dump Truck (removed 2 loads of fill material) Excavator 100' of ditch for double netting straw matting w/ 5 lbs. of contractor blend seed
7016 Indian Ridge Blvd	Create conveyance within ditch to prevent erosion	⊠Complete Date: 11/23/20 ⊠Photos	102720001: Displace velocity of runoff; ditch rehabilitated from HW to existing concrete channel to offset erosion. The team began operations by trimming low lying branches from trees in the conveyance and then excavated the ditch line down 18 inches and 4 feet wide, 6- inch sides to anchor the 6 oz geo-textile fabric, and Installed 22 tons of Class A stone to displace the velocity being discharged into the conveyance. The bare soils after installation were seeded and straw
229 Cherry Ln	Repair voids in soil and 229 Cherry Ln damaged underground infrastructure		ID <u>090820007</u> : Excavated pipe and wrapped couplers with 4 oz geotextile fabric to prevent any soils from entering the infrastructure causing the voids in the yard. Pipe was found to have a separation from the coupler installed. Backfilled with the native soil and the team will import topsoil to preform the finish grade work when weather allows.
403 Autumn Wood Dr backfill sinkholes in front yard		⊠Complete Date: 04/08/21 ⊠Photos	ID 040521007 : removed the built up material from the conveyance and placed the excess material in a void in the homeowners yard per their request.stabilized the bare areas with seed a,straw and matting. discovered a 10" pvc pipe placed between the two

			drives to connect the 15' pipe culverts which was removed;Jetting culverts on 4/06; WHUD found leak on 05/24 and uncovered water meter.
538 NPC Rd.	Eroded embankments of creek impacting integrity of driveway	⊠Complete Date: 01/07/21 ⊠Photos	The team removed the tree debris from along the conveyance that had been collecting at or near the culvert invert causing a blockage to the outfall. The blockage resulted in the water beginning redirected to sides of the culvert causing the soil material to become more susceptible to eroding. After the team removed the debris from the conveyance and exported 3 loads of material, the team imported 2 loads of compactable fill material to repair the void above the culvert. The team placed, compact the soil and stabilized the bank with seed and double net straw matting and lose straw.
309 Valley View Dr	Rehabilitate channel	⊠Complete Date: 04/12/21 ⊠Photos	ID 041221003: Removed vegetative and aggregated undergrowth from channel. It is recommended to extend concrete flume.

# **Collections System Activities:**

The City of White House operates a dynamic and unique sanitary sewer system consisting of gravity services, low-pressure grinder services, and vacuum services. As of August 31<sup>st</sup>, 2021, City personnel count a total of **5,627** sewer system connections, with **16 new** applications for service in August, 2021. Totalized counts of each type of connection are provided below:

Gravity Sewer Connections	2,181
Low-Pressure Grinder Sewer Connections	2,981
Vacuum Connections	465

The City counts 187 commercial grinder stations, 2,794 residential grinder stations, and 26 major lift stations integrated into our system.

# 811 Utility Locate Service:

**Tennessee 811 is the underground utility notification center for Tennessee and is not a goal driven task:** This is a service to provide utility locations to residents or commercial contractors. The 811call system is designed to mitigate the damage to underground utilities, which each year public and private utilities spend millions of dollars in repair costs. TN 811 receives information from callers who are digging, processes it using a sophisticated software mapping system, and notifies underground utility operators that may have utilities in the area. The owners of the utilities then send personnel to locate and mark their utilities.

## SCADA (Supervisory Control and Data Acquisition) Alarm Response Goal:

Our goal is to reduce the number of responses through an ongoing, proactive maintenance program at the major lift stations. However, there are uncontrollable factors that create an alarm condition; such as high-water levels due to large rain events, loss of vacuum, power outages, and/or loss of phase. These types of alarms notify us that a problem exists. A service technician can access the SCADA system from any location via a smart device and acknowledge the alarm. The SCADA system at every lift station will allow the technician to remotely operate the components at the station. We are having Grundfos upgrade the V-cards at four of the station to make them more compatible with the 5G signal. This should be completed within the next week or two.

# <u>Alarms</u>:

Alarm at Concord was caused by a plumbing test ball being caught in pump number 1. This caused the clutch to lock up on the Autostart (supplies power to operate 1 rotating assembly and impeller during power failure). Southern Sales and Gorman Rupp are getting the clutch replaced at the expense of Hudson Brothers Plumbing.

# System Repair Goals:

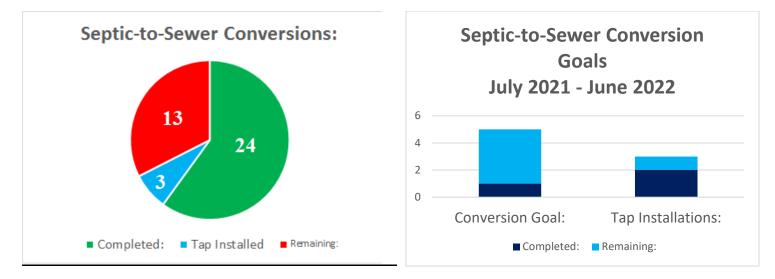

The goal is to minimize failures with the major lift stations and the mainline gravity, low-pressure and high-pressure force-mains, and the air-vacuum systems. Key personnel have been trained over the last three (3) years on the proper operation and maintenance of the major lift stations. This program has been very successful in reducing the number of station failures. Some of the lift stations are either at or near their anticipated useful life. Therefore, we will continue to encounter equipment failures until the stations are replaced. The mainline and service line repairs are mitigated in a large part by the 811 line marking program. However, we do encounter residents or contractors that dig without notifying the 811 call center. Under these circumstances the City must make repairs; and if the line break was due to negligence, the responsible party will be billed. In some cases, the breaks are due to weather events or age.

<u>Repairs</u>	<u>FY 16/17</u>	<u>FY 17/18</u>	<u>FY 18/19</u>	<u>FY 19/20</u>	<u>FY 20/21</u>	<u>Aug 2021</u>	YTD
Major Lift Stations	42	19	4	4	9	1	3
Main Line	13	6	6	21	11	0	1
Service Line	44	5	10	18	22	2	3

- 1. Settler's Ridge In August 2017, just days before Tropical Storm Harvey arrived in White House, a contractor ran over the pump station with a lull. The damage was evaluated the week after Harvey had passed. The tank, rails, and lid were all damaged beyond repair and therefore are on order for replacement. This is a pump station not yet taken over by the City. It shall be repaired and fenced for the City to take it over. Tank has been delivered to the developer. The corrective action requirements for this station is for the developer and/or contractor to hire a company to patch the damage and supply the City with the replacement tank and a 2-year warranty on the repair, which has not yet been completed.
- 2. Concord Springs Operationally, the station punch list has been completed and the station is working correctly. The Concord Springs lift-station was conditionally accepted by the City on 07-24-2020, with the agreement that the Contractor/Developer would complete installation of the privacy slats in the station fence, as well make satisfactory repairs to the station's access road. Repairs to the station and access drive have been completed and deemed adequate by City personnel.
- 3. The Parks The lift station at the Parks subdivision was also started successfully. The 10" sewer line has been completed and tested. The station has been set in place and came online as of September 7<sup>th</sup>.
- 4. Wilkinson Lane Station Station is again running on both pumps. WASCON is working with the City and several different suppliers on installing HDPE piping in the station. The DIP discharge piping is showing severe signs of decay. We anticipate roughly one year of operation before the pipe fails again. This will be the 4<sup>th</sup> time this station has had to be re-piped, so we have chosen a rigid, yet flexible pipe.

- 5. Sewer Model Update and Master Plan Update The Sewer Model and Master Plan Updates being conducted by Jacobs Engineering are complete and in final review. Completed Model Update for the Southern Force-Main and Copes Crossing lift-station has revealed that they have exceeded their designed capacity, and will need to be upsized (or have existing flow removed) to accommodate further development on the southern and eastern sides of town. Additionally, the Meadowlark and Union lift stations have reached their wet-weather capacities. Crews have identified sources of infiltration and inflow ("I&I") and are working to resolve, beginning with Meadowlark station. Jacobs Engineering has compiled the final combined report for both the Sewer Model Update and the Master Plan Update. Plans are in motion to construct a new 18" Southern Force-Main to ease flow restrictions on the existing main, and to reroute a significant volume of flow off the Copes Crossing station and into the proposed Farmstead station set to begin construction this year. The City has completed their review of the Phase-1 plans of the new 18" Southern Force-Main, which is anticipated to go to bid this summer.
- 6. Vacuum-to-Gravity Conversion Projects: The North Palmers Chapel vacuum-to-gravity conversion project has begun for the remaining vacuum service customers on North Palmers Chapel Rd and College St Extension from the greenway to Tyree Springs Rd. This project will remove 22 vacuum services from the North Palmers vacuum station, and reroute them to the Copes Crossing station via a new gravity line. A pre-construction meeting was held with L&G Construction on September 2<sup>nd</sup>. L&G installed their erosion control and began mobilizing materials to the site on September 3<sup>rd</sup>. The existing terminal manhole was re-surveyed on September 7<sup>th</sup>, and L&G crews began stripping soil and setting pipe.
- 7. Septic-to-Sewer Conversions The City continues to make progress on septic to sewer conversions. An additional eight (8) addresses have been approved by the Board to be added to the original list of septic-to-sewer conversion projects. Four (4) conversions were completed in the 2020/2021 budget year, and three (3) additional taps were pre-emptively installed in anticipation of additional projects. In recent consultation with Public Works regarding upcoming paving schedules, the department plans to target five (5) conversion projects on Union Rd (requiring three (3) additional taps) in mid to late 2021. The department is evaluating bidding out the remaining conversions as a single project. An additional sewer tap has been installed for the storage units. The sewer conversion for 2966 Union Rd has also been completed. A total of 24 projects have now been completed on the list of 40.

# Pump Rebuilds:

The capital outlay budget was designed for a total purchase of 275 new E-One grinder pumps for the 2020/2021 Fiscal Year. However, **492** grinder pumps were needed to meet all the service call requests for the year. To supplement the amount of pumps on-hand, the department rebuilt **135** pumps throughout the year, in addition to all warranty-return pumps received.

For the 2021/2022 budget year, the department has budgeted for the purchase of approximately 350 new pumps, and anticipates that 500 pumps will be required throughout the year. To further supplement the number of pumps on-hand, personnel will rebuild an estimated 100 E-One pumps throughout the year, and anticipates 50 warranty-returns. Wascon rebuilds all pumps that fail prior to expiration of their 5-year and 3-month warranty period.

# **Treatment System Activities:**

# Wastewater Treatment Plant Goals:

The primary goal for the treatment plant is to provide an effluent quality that meets or exceeds the TDEC required limits as set forth in our NPDES permit. This is measured by a violation occurrence that must be notated on the monthly report. The secondary goal is to provide a high-level operation and maintenance program to ensure the plant runs as designed. This plant was built in 2001 and has been experiencing mechanical failures on components that operate 24/7.

Parameter	<u>May - 21</u>	<u>Jun - 21</u>	<u>July - 21</u>	<u>Aug - 21</u>

Violations	7	7	13	7	12	7	1	2

- 1. <u>Violations:</u> One violation for Total Phosphorus Rolling Average in pounds per year. This will continue until the new plant is operational. Violations may continue for several months after completion of construction until the annual rolling average can be reduced below the violation limits by the new facility.
- 2. TDEC Order and Assessment: On July 15<sup>th</sup>, 2020, TDEC issued the City of White House an Order and Assessment notice in the amount of \$63,040 for a total of 29 violations that occurred between March 2018 and February 2020 (the only unresolved violation being the rolling total phosphorous average). An initial payment in the amount of \$12,608 was required within 30 days, with other penalties only being applicable if the provisions of the order and assessment were not met. Two (2) provisions were of concern to City staff: The City must begin to initiate the implementation of the state-approved plans for the WWTP expansion within 90 days; and the City must remain within "significant compliance" of the facility's permit for a period of two (2) years following completion of construction of the new facility. City personnel spoke with TDEC officials on July 29<sup>th</sup>, and were able to confirm that the City is already compliant with the 90-day initiation period as a result of the progress made with the SRF Loan process for the facility, and received an extension of the "significant compliance" period to begin one (1) year after completion of construction, to allow for the influence of the old facility's treatment effectiveness on annual rolling averages to be completely phased out. An estimated approximate timeline of anticipated steps required to complete the SRF process and to move forward with plant bidding/construction has been provided below. The City received written confirmation of this arrangement from TDEC on August 7<sup>th</sup>, 2020.
- 3. <u>H2S & Ferric Sulfate</u>: We have moved away from the Ferric Sulfate feed. The City will be employing air scrubbers that pull the H2S through a series of filters. These units will be installed at Cope's Crossing and Wilkinson Lane stations.

4. <u>Peracetic Acid</u>: TDEC has approved our use of PAA as the method of disinfection and has modified our NPDES permit accordingly.

The PAA feed rate is operating at a constant **2.50** parts per million (ppm). The average residual was **0.08** PPM with a max residual of **0.13** PPM. *Last month the feed rate was 2.5 ppm*.

Our TDEC permit states in part that, "The concentration of the E. Coli group after disinfection shall not exceed 126 CFU's (colony forming units) per 100 ml." Additionally, our *daily maximum* concentration limit is 941/1000ml. Our E Coli testing for the month was an average of 25.7 CFU's which is well below the limit. Last month the average was 32.7.

# **WWTP Expansion Project:**

#### **Pre-Construction Timeline:**

- **10-03-2019:** City of White House submitted WWTP Facilities Plan to TDEC.
- 02-25-2020: TDEC/SRF issued Facilities Plan Comment Letter to City of White House.
- 04-23-2020: Facilities Plan Addendum submitted.
- 05-06-2020: City of White House submitted Fiscal Sustainability Plan Certification Letter to TLDA as part of State Revolving Fund (SRF) Loan requirements needed to finance the project (SRF Loan #2021-449)
- 05-26-2020: Financial Sufficiency Review submitted for SRF Loan.
- **08-04-2020:** Public advertisement for SRF Loan Public Meeting began.
- 08-10-2020: TDEC/SRF approved the current City of White House Sewer Use Ordinance.
- 08-19-2020: City of White House and Jacobs Engineering hosted SRF Loan Public Meeting.
- 08-20-2020: Project Performance Standards submitted to TDEC/SRF.
- **08-31-2020:** SRF Loan Public Meeting minutes from 08-19 meeting, as well as proof of meeting advertisement submitted to TDEC/SRF.
- 09-03-2020: WWTP Expansion Project stamped and approved plans submitted to TDEC/SRF for review.
- 09-04-2020: TDEC/SRF formally approved the City of White House WWTP Expansion Project Plan of Operation.
- 09-09-2020: TDEC/SRF released Environmental Assessment for the WWTP Expansion Project.
- 09-17-2020: TLDA released Finding of No Significant Impact (FNSI) package to City of White House.
- **10-15-2020:** City of White House Board of Mayor and Aldermen voted to approve Resolution #20-24 to apply for SRF Loan #2021-449 in the amount of \$12,448,000 to fund the WWTP Expansion Project.
- **10-27-2020:** TDEC/SRF issued Facilities Plan Approval for WWTP Expansion Project.
- 11-11-2020: SRF Loan Application package submitted for loan #2021-449.
- **12-14-2020:** TLDA Board approved the City of White House Loan Application Package for SRF Loan #2021-449.
- **12-17-2020:** City of White House formally approved "100% Final Plans and Addendums" as designed by Jacobs Engineering for WWTP Expansion Project.
- 12-23-2020: Justification for Sole Source Equipment Procurement submitted to TDEC/SRF for WWTP Expansion Project.
- 01-12-2021: TDEC/SRF granted final Land Approval for the WWTP Expansion Project.
- 01-22-2021: TDEC/SRF approved Plans and Specifications for the WWTP Expansion Project, and cleared City to begin advertisement period for bids.
- 02-16-2021: WWTP Expansion Project bid advertisement published in multiple sources.
- 03-09-2021: Pre-bid conference for WWTP Expansion Project conducted at 725 Industrial Dr, White House, TN.
- 03-31-2021: Bids opened for WWTP Expansion Project.
- 04-01-2021: City began review process for Construction Bids for WWTP.
- 04-12-2021: City submits request to SRF for review of an \$8,000,000 increase to the SRF loan in response to received bids.
- 04-15-2021: City of White House Board of Mayor and Aldermen voted to accept bid by Reeves Young in the amount of \$20,990,00 for the Wastewater Treatment Plant Expansion Project.
- 04-28-2021: Complete bid package for WWTP Expansion Project submitted to TDEC/SRF for approval.
- 04-29-2021: TDEC/SRF completed Financial Sufficiency Review for City's \$8,000,000 SRF loan increase request.
- 05-14-2021: TDEC/SRF confirms that the City can award the WWTP Expansion Project bid contract without voiding the request for the additional \$8,000,000 SRF loan.
- 05-14-2021: TDEC/SRF issued Authority to Award letter to the City for \$20,990,000 bid contract with Reeves Young.
- 05-18-2021: City formally awards WWTP Expansion Project bid to Reeves Young for \$20,990,000.
- 05-24-2021: Bid bonds returned to Reeves Young and Adams Robinson for WWTP Expansion Project.
- 06-01-2021: Executed bid contract received from Reeves Young for WWTP Expansion Project.
- 06-23-2021: Pre-Construction Meeting held at 105 College St for City of White House WWTP Expansion Project.
- 06-24-2021: SRF Loan application for additional \$8,000,000 SRF loan submitted to TDEC/SRF.
- 06-28-2021: City Resolution and additional documentation submitted to TDEC/SRF for additional \$8,000,000 SRF loan to help fund the WWTP Expansion Project.
- 07-02-2021: City submitted completed Fiscal Sustainability Plan to TDEC.
- 07-06-2021: Executed Notice to Proceed given to Reeves Young by Jacobs Engineering on behalf of the City of White House.

# **Construction Timeline:**

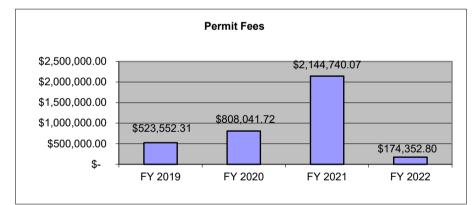

- 07-06-2021: Executed Notice to Proceed given to Reeves Young by Jacobs Engineering on behalf of the City of White House.
- 07-22-2021: Construction Trailer and Inspectors Trailer delivered and set in place.
- 07-26-2021: Power installed for both trailers.
- 07-27-2021: Water and sewer installed for both trailers. Construction entrance relocated to avoid existing guy-wires and radio tower. Mid-TN began installing silt fence.
- 07-28-2021: Kickoff meeting held between City of White House, Reeves Young, and Jacobs Engineering. Discussed on-site safety. Discussed subsurface structure supports being changed from mortar/concrete to vibro-compacted stone (this is both a time and cost saving process). Discussed contacting Terracon to see if they do more than concrete testing. Reeves Young to take photos/videos throughout construction process. Mid-TN completes silt fence installation.
- 07-29-2021: Reeves Young submits City Land Disturbance Permit application to Stormwater Division. Reeves Young working on backfilling around silt fence.
- 07-30-2021: Reeves Young crew working on installation of Safety/Sign Station, and second set of steps for office trailer.
- **08-02-2021:** Reeves Young completes steps for office trailer. City of White House Stormwater Division inspects and approves silt fence. Waiting for TDEC approval of submitted SWPPP, NOI, and ARAP applications.
- **08-03-2021:** TN Hydrovac on-site at approximately 07:15am to hydroexcavate and spot existing 8" Western Force-Main. Reeves Young completed construction entrance. 10 loads of stone delivered. Dumpster delivered. Additional check-dams installed and silt fence reinforced with stone.
- **08-04-2021:** TN Hydrovac returned to site to hydroexcavate and spot existing water line, and continue to spot-locate existing 8" line. Bioreactor locations staked out.
- **08-05-2021:** Installed additional hydrant on water line at Pump House.
- **08-09-2021:** Fuel tank delivered to construction site, along with fire cabinets.
- **08-10-2021:** Reeves Young management crew on-site, but no laborers. Fuel tank pad completed. Lull delivered. Fire cabinets delivered. Fuel tank delivered.
- 08-11-2021: On-site GPS receiver positioned. Battery box and solar charger installed for fuel tank. Reeves Young mowed jobsite.
- **08-12-2021:** Conex trailer delivered. Jacobs Engineering continued mowing jobsite.
- 08-13-2021: No work being done. Management crews on-site.
- 08-16-2021: Slight shower overnight, but did not disrupt activities on-site. Reeves Young crew on-site at approximately 10:00am, cleaning out Conex trailer. Received 8" C900 pipe and fittings for 8" Western Force-Main relocation. City personnel discussed line stop needs with Reeves Young. A laborer broke a guy-wire for EMS tower while driving a lull. No damaged noted to the tower itself, and no injuries from the incident. Fire Chief came out to inspect. Reeves Young is willing to pay to have it fixed and is filling out a report on their end.
- **08-17-2021:** 0.01" rain yesterday did not impact work. Reeves Young personnel on-site at approximately 10:30; began spotting 8" Western Force-Main at approximately 13:30 at the valve, and left T uncovered/fenced-off for the night.
- 08-18-2021: Reeves Young crews beginning to lay out Western Force-Main; both connection points exposed. Backfilling and compacting fine stone in trench with roller. Heavy down-pour of 0.09" from 11:30-11:36, during which time Reeves Young personnel broke for lunch. Light rain resumed at 12:20, but did not impact ditch integrity; Reeves Young crew begins assembling 8" line. Heavier rain begins at 16:15 with Reeves Young personnel already off-site.
- **08-19-2021:** Reeves Young continuing to lay 8" force-main. Both hot-taps completed. Reeves Young instructed to backfill under and around valves with #57 stone, mega-lugs and formed kickers being used at bends.
- 08-20-2021: Reeves Young continuing to lay 8" force-main, and trucking in loads of stone. One water truck delivered.
- **08-23-2021:** Reeves Young continuing to lay 8" force-main.
- 08-24-2021: Reeves Young continuing to lay 8" force-main, and clearing soil behind Oxidation Ditch.
- 08-25-2021: Reeves Young continuing to clear soil. One of two test caps installed on new section of 8" line. Line-stop installation delayed due to Consolidated Pipe crew being reassigned to respond to an emergency. Line will be pressure-tested for 2 hours at 100 psi. Bulldozer delivered.
- **08-26-2021:** New 8" line filled and flushed. Second water truck delivered to site, along with track-hoe and sheeps-foot roller. Reeves Young continuing to clear soil for aeration basins. 8" line failed pressure test.
- **08-27-2021:** Reeves Young continuing to clear soil. 8" line retested and passed.
- **08-30-2021:** 8" line-stops installed. New line now live (663.4 linear feet of new line) and backfilled. Reeves Young continuing to move soil, and has begun compacting in previously cleared areas. Heavy rains anticipated overnight.

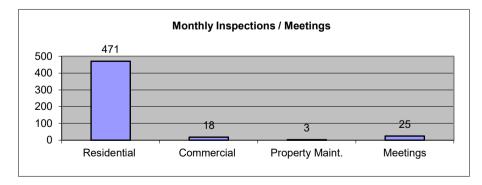

- **08-31-2021:** 0.61" of rain received prior to midnight, another 1.11" recorded as of 06:50am. Reeves Young crew not on-site today due to rains.
- 09-01-2021: Total of 3.33" of rain from 08-30 to 09-01. Reeves Young crew worked on surveying site.
- **09-02-2021:** TN Hydrovac on-site to recover water from old 8" Western Force-Main as it is cut, capped, and removed. 2-headed pole light at drive entrance to Pump House will have to be removed as pole is in conflict with planned screen/filter pad.
- 09-03-2021: Reeves Young continuing to clear and shape soil, and backfilling trench of removed old Western Force-Main.

# **Summary of Month's Activities**

August typically marks a transitional time for us as we go from summer activities to fall activities. Typically there aren't as many events that take place but the fall sports start to practice. This year is no different as all of the fall sports have begun practicing (football, soccer and baseball). We did have a few events this month, however, with the soccer league hosting their annual fall classic tournament, which is typically held later into the season but fell in August this year. We also had the monthly Music Under the Stars event at the amphitheater this month to go along with the Splash Pad being open daily. The fall will continue to get busier and busier as we go on with different events taking place each week.

#### An update on some projects:

The Soccer Complex Renovation project is ongoing. They are still doing the dirtwork and getting ready to start working on the electrical side of things. Again, we are getting the new field with LED lights and also adding two new poles to Field 3 and converting that lighting over to LED. Additionally, the soccer organization has offered to pay for two additional poles to be set on Field #4 and we will use the old lighting from Field #3 for those poles in order to fully light that field up. So, we will have 5 fully lit fields at the end of this project, two of which will be LED. We will only lack Field #1 being fully lit.

We still have yet to get much of an update on the grant we received for the second phase of this project. The information I have received from them is there would be some workshops for the grant administration portion but I haven't received any word on when that might be yet. There isn't much rush for us though as we probably wouldn't want to start the project until after the Americana next year anyways.

We have ordered the parts needed to repair the Greenway trailhead clock. It will take several weeks to receive them as they have to be made but we are going to attempt to fix it ourselves when we get them. It should make the clock look a little more updated and improve the lighting of it and, of course, it should make it function properly.

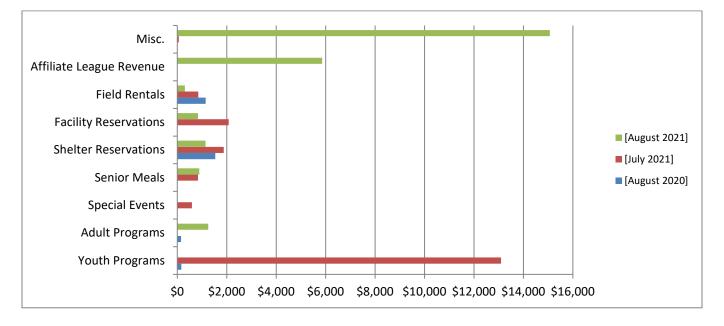

We were finally able to finish the barn demolition project we started a while back at Byrum Park. Clif Hutson was gracious enough to help us with putting the debris in the dumpster we had over there and we cleaned up the area and finished it off by putting some seed and straw out.

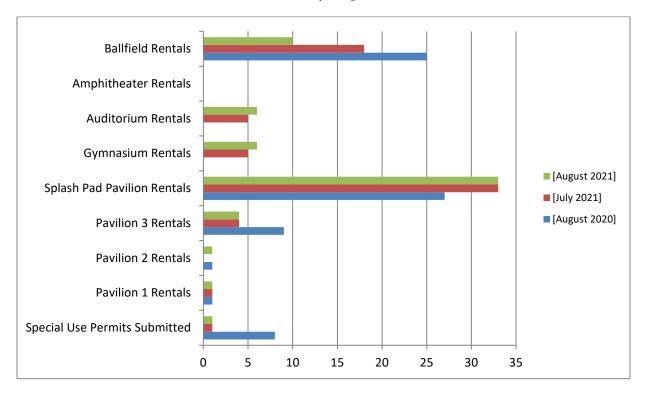

We were finally able to get the dog waste receptacles installed on the Greenway. They are now at each trailhead location. We would like to keep purchasing a few each year just to have placed throughout the Greenway.

### Revenues

Facility Usage

# **Recreation**

Fall Baseball

- Practices continued for the month of August with games beginning on the 14<sup>th</sup>
- Picture Day was Saturday the 28<sup>th</sup>
- Uniforms were picked up on August 13<sup>th</sup>
- Season will end on October 2<sup>nd</sup> pending rain outs
- Trophies have been ordered

Volleyball

- Practices continued for the month of August with games beginning on the 28<sup>th</sup>
- Picture Day is scheduled for September 18<sup>th</sup>
- Uniforms were picked up on the 25<sup>th</sup>
- Trophies have been ordered

Adult Basketball

- 10 teams
- Games on Monday and Tuesday nights
- Tournament begins 8/30 and ends on 9/14
- Winner's plaque has been made and ready to be given to the champions
- Will need to adjust fee for the following season

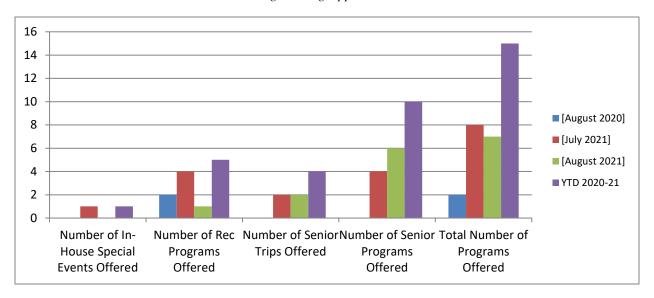

Covid

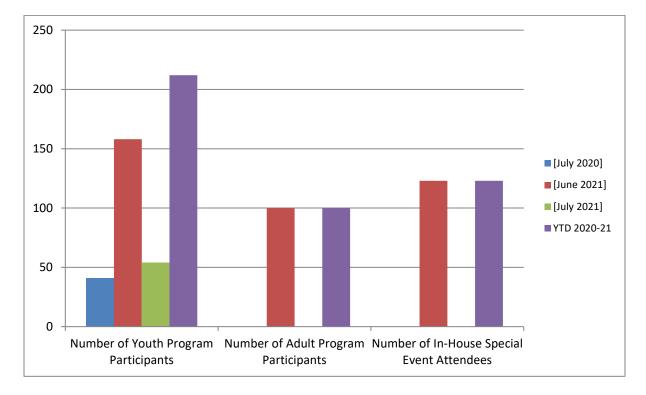

- 4 volleyball teams have had to quarantine for a week so far this season
- 2 baseball teams have had to cancel games

Park Rentals

- Consistent baseball field rentals each week
- CCS Softball using Field 5 for month of August
- JR Pro Football using Fields 5,6,7
- Fall Soccer beginning practices/games

**Programming Opportunities** 

# Programming Attendance

# Museum

# Volunteers

Volunteers met me at Jerry and Barbara Meadows barn to see tools that the Meadows wanted to donate to museum. Volunteers helped with collecting and cleaning new items to put in tool display in museum. Terry Palmer helped with interviewing long-time local resident Ronnie Harper. This interview was recorded for archives.

# Exhibits

50<sup>th</sup> Celebration Exhibit continues.

# **Social Media Promotion**

White House History Wednesday's monthly edition was posted on Wednesday, August 25, 2021, with a new episode discussing the 1997 White House High School State Championship.

# **Donated Artifacts**

Jerry and Barbara Meadows donated over a dozen tools and a coal hearth that were used by Barbara's father, Dude Bornstein and Jerry's father, Walter Meadows.

#### **Tours at Museum**

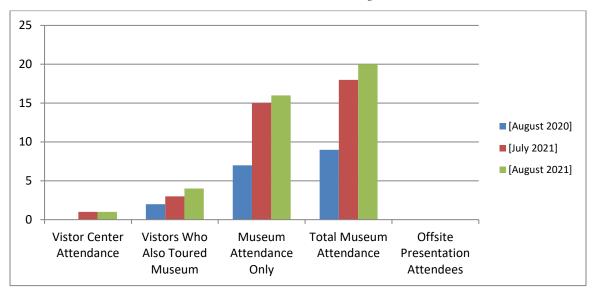

Tours were given to walk-ins. We were especially pleased to have J. T. Albert's son and his family visit the museum to take tour.

# Events and Meetings Assisted with and/or Attended

- August 9 Called out US Pest to check on crawlspace for standing water.
- August 9 Met with Charlotte Byrdfeather concerning Harvest Moon and The Gathering
- August 10 Meeting with 50th Celebration Committee
- August 11 Attended ribbon cutting at NineOneEight Studio
- August 11 Attended Discover White House Meeting
- August 12 Attended Sumner County Tourism quarterly luncheon
- August 18 Visited the Meadows barn for their donation
- August 24 Assisted with Chamber Luncheon
- August 26 Assisted with Music Under the Stars

# White House Library Monthly Report August 2021

# **Summary of Activities**

The library started up regular programs the week of August 9<sup>th</sup>. Based on the success we had during Summer Reading, we are going to do the same story time on both Tuesday and Wednesday. We also got our text messaging software up and running. Now, we can send out text reminders about specific programs to those who are interested.

The friends of the library met on August 10th. They looked at creating a budget for the 2022 year. They also voted to extend the paver sale through October 2<sup>nd</sup>. The friends also voted to replace the old shelf plaques that were purchased when the library first opened. Since these plaques are more likely to go missing, the friends voted not to sell that item anymore. Most of the plaques have been replaced, but there are a few more that need to be purchased.

The library director and library supervisor attended a Municipal Management Academy Level 1 class. This class is being offered through the city. It will highlight a number of topics on management. It is eight classes that will be spread over the course of 8 months. The director and library supervisor are happy to have this training opportunity.

The library director had the carpets cleaned on August 14. The carpets did not have many stains, but they had not been cleaned since the building opened in 2015 and a lot of dirt was pulled out of them. In addition, the library director purchased a small portable handheld carpet/upholstery cleaner. The director was able to use this to get stains out of some of the chairs and the dirt off the teen couches. This purchase was a great investment since it removed a large amount of dirt from our furniture and can be used multiple times.

The library director had American Marketing & Publishing come in to set up a virtual tour through Google View. The photographer came in and took pictures of the building. The tour should be available in 4 weeks on Google. This will allow individuals to see the inside of the library without coming onsite.

The library director and a number of different staff attended the city's wellness program on August 19. This program is designed to help employees learn about different health related issues in the hope that employees will improve their health.

The library director met with our newest trustee, Cherry Richardson, to go over the role of the library board, the meeting procedures, and governing bodies.

# **Department Highlights**

The highlights for the month were getting the place cleaned, staged and ready for the virtual tour. Getting the text messaging up and running was also good and should be a great asset to the library going forward.
